Ms. Ann Sasaki  
Assistant Director of Public Utilities  
Pure Water San Diego Program  
City of San Diego  
9192 Topaz Way San Diego, CA 92123

Re: Pure Water San Diego

Dear Ms. Sasaki:

Citizens Coordinate for Century 3 (C-3), the leading public affairs organization in the San Diego region, is pleased to support the Pure Water San Diego program. We believe it will provide San Diego with a safe, sustainable local supply of drought-proof drinking water. It can also be part of the solution to the permitting issues for the Point Loma Wastewater Treatment Plant.

We view Pure Water San Diego as an excellent long-term solution for addressing the City's water needs, giving us greater control over our water supply and making us less dependent on imported water. We further believe that this program has been validated from a scientific and public health perspective.

We are pleased to join with our colleagues in the Water Reliability Coalition and others who are supporting proactive water resource planning.

Sincerely,

Diego Velasco  
2014 C-3 President
